The unemployment relief work has
been called off this week on account
of the inclement weather but will be
resumed as soon as weather condi-
tions improve. It is hoped to continue
the work throughout the winter and
Secretary W. N. Saathoff of the
Chamber of Commerce attended a
regional meeting in San Antonio Fri-
day of last week looking to the mat-
ter of securing funds for January
and February. The plans to that end
have not yet fully materialized. In
connection with the handling of these
funds, we are informed that a report
is being circulated that the members
of the supervisory committee are
paying themselves \$100.00 each for
their services from each allotment of
funds secured. How such a report
could ever get started is a mystery
and is exceedingly annoying to the
committeemen, who are giving their
time and thought to the cause with-
out any compensation whatever and
are deservng of more consideration.
Furthermore, the circulation of such
unfounded rumors may possibly cri-
ple and hinder the work of relief
which they are trying to do.

**P. T. A. HAS CHRISTMAS
MEETING.**
Severe, cold weather interfered
with a full membership being pre-
sent at the local P. T. A. meeting
Monday, Dec. 11, but great enthusi-
asm and appreciation was manifested
by those present for the delightful
Christmas program presented by the
first three grades.
The program was composed of
songs, readings, and a playlet. Mas-
ters Bobby Kollman and Joe King
each gave Christmas readings, fol-
lowed by a duet by little Miss Dor-
othy Grell and Master William Horace
Holloway. The three grades render-
ed several songs appropriate for the
occasion and the program closed with
a playlet about a Christmas stocking,
with eight members of the second
grade taking part.
The business meeting was very
brief, the treasurer reporting a bal-
ance of \$25.25 in the treasury, and
the president and other officers of
the Club making plans to distribute
the government goods to the needy
this Saturday, Dec. 17th.
The book was awarded the first
grade, which was represented by
eleven mothers.
Mrs. E. J. Leinweber and her com-
mittee brought the meeting to a close
with a social hour, during which they
served refreshments of fruit cake
with whipped cream and coffee.

Papa and Grandpapa another such
happy birthday. All the family was

**LUTHERAN GROUP ELECTS

The Ladies Aid Society of the St.
Paul's Lutheran church met at the
home of Mrs. Charlotte Miller on
Wednesday, Dec. 7th. The pastor
opened the meeting with a devotion
on the last two chapters of the book
of Acts, which brought to a close
the year's discussion of this interesting
Scripture portion.
Among other matters of business,
the society definitely decided upon a
design for two new altar chairs,
which will be given to the church.
These chairs are being made to order
by the Schulze Manufacturing Com-
pany of San Antonio.

MRS. BLOCKER'S FATHER DIES.
Clarendon, Texas, Dec. 7. (AP)—
Word has been received here of the
death Tuesday in Santa Ana, Calif.,
of Col. R. S. Kimberlin, 89, a mem-
ber of the original Quantrell's band
and an organizer of the United Con-
federate Veterans Camps throughout
the Panhandle, who made his home
in Clarendon for many years.
Col. Kimberlin and four of his
brothers joined Quantrell's brigade,
famous Confederate guerrilla band,
at the beginning of the Civil War,
after their father had been hanged
in his barn by union soldiers and the
building set on fire. The five broth-
ers were away from home, but they
returned in time to rescue their
mother and sisters who had been
bound and left inside the Kimberlin
home, which was also fired.
Associated with him in the group
were the James boys, including the
notorious Frank and Jesse, the
Younger brothers, Cole and Frank,
and others who lived neighbors in
the community.
As the war wore on, Col. Kimber-
lin joined Price's army in Missouri
and later transferred to Stonewall
Jackson's command, remaining with
the famous general until his death.
Kimberlin also was present at the
surrender of Appomattox, according
to his grandson, Harwood Beville,
who now lives in Amarillo.
Col. Kimberlin was known to a
number of Hondo people, having been
here several times on a visit to his
daughter, Mrs. V. H. Blocker, and
family. Mrs. Kimberlin preceded her
husband in death only a few months
ago, and Mrs. Blocker is mourning
the passing of her husband, the late
V. H. Blocker, and her mother and
father all within the present year.

**Coach "Dutch" Flory's Feathered
Tribe Plasters 21-0 Defeat on
the Pride of the Valley.**
Playing for the highest honors
that can be attained in class B foot-
ball, the Hondo High Owls struck
with all their power Friday and
humbled a game and determined
Mercedes crew by the score of 21 to
0. With lightning-like rapidity the
powerful Owls struck once, twice,
three times and then settled down be-
hind a powerful line to maintain that
lead and coast into the first champi-
onship that has ever come to roost
in the nest of the Owls.
Large Crowd.
In spite of the rain and cold a
large crowd witnessed the first class
ic of its kind ever to be staged in
Hondo. A slow rain caused a great
many out-of-town fans to stay at
home but the surrounding towns
were all represented by a group of
loyal pigskin followers.
Captain Finger.
Climaxing a season of brilliant
play, Captain August Finger closed
his High School football career in a
blaze of glory. With a wet, slippery
ball his passing and punting were
great. Time and again he booted
the ball deep into the Mercedes ter-
ritory and it was after the exchange
of one of these punts that the first
score came. Dusty Boggs, referee
of the Victoria-Hondo game as well
as the Mercedes-Hondo game, paid
Captain Finger one of the highest
compliments possible, stating: "He is
one of the coolest, smartest, most ag-
gressive captains it has been my
pleasure to meet. With it all he is
a gentleman and a clean sport." The
fans of this section know the prowess
of Finger and it is with a sigh of re-
gret that they pass him on to higher
heights of glory.
Superb Line Play.
The Owl line played great defensive
ball and also opened large holes
for the backs to gallop through. Not
once during the game did the Owl
line let the Mercedes crew inside of
their twenty yard line. Rothe and
Taylor displayed the type of ball that
is seldom seen on a high school grid-
iron. Their blocking and interfer-
ence running was great and time and
again they slipped through to tackle
a Mercedes back before he could get
to the line of scrimmage. Haegelin,
great reserve tackle, showed that he
ranks with the best by his play in the
third and fourth quarters. He was
down under Captain Finger's punts
long before the safety man could get
his hands on the ball. Parsons play-
ing his last game in an Owl uniform
made some spectacular catches of
Finger's passes. His tackling and all-
round play marks him as one of the
best ends in the region. Lancaster,
playing the other end position, dis-
played his usual aggressive game.
Garteiser and Stiegler.
Coach Flory's two great tackles
wrote their names on the Owl athlete
field in golden letters by their play
in this, their last game of high school
football. They were in every play
and it was their fast rushing that
prevented the vaunted aerial attack
of the Tigers from clicking. Garteiser
was in every play and his vicious
tackling was a treat to the large
crowd of fans. He will long be re-
membered by local pigskin followers
as one of the best tackles to ever
grace the Hondo High School green-
sward.
Miller, Jones and T. Finger.
The entire backfield of the Owls
functioned perfectly and it was the
teamwork of this crew that brought
the Championship to the Owl roost.
Bru Miller made many gains through
the line but it was his defensive work
behind the line that stood out so
brilliantly. Time and again he drove
through to tackle a back that other-
wise would have gone for a long gain.
He broke up a great many passes that
were intended for receivers in his
territory. Jones brought the fans to
their feet by his sensational pass
catching and twice he galloped across
the Tiger goal line untouched, once
after taking one of Captain Finger's
tosses and again after he intercepted
a Mercedes pass. The blocking, run-
ning, and passing of Tommy Finger
was excellent.
Panchu Rucker played a steady,
consistent game at center and in
spite of the condition of the field
he never made a bad pass. His de-
fensive work was good.
Team Play.
The team play of the Owls in the
Mercedes game was the outstanding
feature of the game. The Owls
played the season as one man and as
a result the Championship banner is
waving from the Owl roost for the
first time in the history of the
school.
Nine Regulars Lost.
The Mercedes game was the swan
song for nine of Coach Flory's regu-
lars. In the line he will lose Gar-
teiser, Stiegler, Rothe, Rucker, Par-
sons, Haegelin, Pichot and Taylor.
In the backfield Captain August
Finger, Tommy Finger, Bru Miller
and Crouch will be lost. The great
play of these men will be missed in
next year's campaign.
Hondo Line-up:
Parsons, L. E.; Garteiser, L. T.;
Rothe, L. G.; Rucker, C.; Taylor, R.
G.; Stiegler, R. T.; Mehler, R. E.;
A. Finger, Q.; T. Finger, L. H.; C.

SOUTH TEXAS DEPARTMENT

Give your home town merchants a chance to supply your holiday needs. Month-times stocks are not available, but for the prevailing conditions you will be surprised at the variety of selections that can be had, and the prices are reasonable. The temptation to go elsewhere for shopping, when transportation is so easy and rapid, is being taken advantage of by city stores that have no interest in your town save to drain it of every penny of cash they possibly can. Hondo was down broadcast by circulars advertising holiday gift goods this week by a big city department store. The problem of how to meet such conditions is the problem of how to sustain the commercial life of the small town—a problem common to all country towns and not peculiar to Hondo alone. Give your hometown merchant your help in working out this problem by giving him a chance to supply your holiday needs.

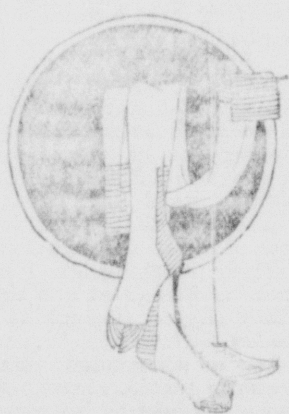

Mr. and Mrs. W. E. Newton and son, Billy, have as their guests this week, Mr. Newton's mother, Mrs. J. G. Newton, and cousin, L. W. Carter, of Hondo, who arrived Friday. Mrs. J. G. Russell, Mrs. J. G. Newton, and Mrs. Dan Martin accompanied Mr. and Mrs. W. E. Newton to Corpus Christi Monday. Mrs. J. G. Newton and L. W. Carter returned to their home in Hondo Wednesday morning after a visit of several days with Mrs. Newton's son, W. E. Newton, and family.—San Antonio County News.

The weatherman seems to have had a grudge against this section lately. For the past week, it has been cloudy and cold, drizzly for most of the time and freezing cold part of the time. The rainfall, however, has not been sufficient to put a season in the soil and yet it has kept farm work at a standstill. The latter part of November and December up to the present has almost set a record for wintry weather in this part of the country.

For Hemstitching see Mrs. R. W. Spencer at residence opposite north-west corner of courthouse.

Schett Brothers, Castroville merchants who announced a pre-inventory sale in this paper last week, report a good business despite the inclement weather, proving that bargain offers will attract buyers any time, any place. Their sale is still on and they are paying top prices for country produce. It will pay you to take advantage of their bargain prices when supplying your wants.

The Budget System

It pays to itemize expense. Plan for the year, when you commence. The budget system is the way. Start in at once, begin today; Put down the items you will spend. Always with this view in mind. No matter what the total amount. You will yet have left a savings account. The Hondo State Bank has a plan for you. That the budget system will help put thru.

NEW FOUNTAIN W. M. S.

A pleasant meeting of the New Fountain Womens' Missionary Society took place in the home of Mrs. D. W. Wiemers on Wednesday afternoon. The program was opened by singing "Blest be the Tie that Binds". Mrs. F. Stiegler led the Devotional. Several prayers were offered by members. After the hymn, "Jesus Calls Us", Mrs. E. W. Dechert followed with a most interesting discussion on the book, "Living Issues in China". After the conclusion of the program a short business session was held. At our annual election of officers all old officers were retained to serve a second term. During the social hour which followed the hostess served delicious refreshments. The following poem by Aline McCants will probably be an inspiration to officers and members of our Missionary Society.

LINKS.

As the bright waves flow down the river
Like links in a chain
Each message your lips may deliver
Will be part of life's pleasure or pain.
And none with the vision are dowered
To look down the vista of years
And to see how light words will have flowered
Into fruition of smiles or of tears.
Get just for today or tomorrow
The problem this hour may bear;
For the years yet to face you may borrow
From your answer their rapture or care.
No, whatever the questions that greet you
Weigh fully the answer you give,
For some day, that answer may meet
Your words, long forgotten, will live.

QUIHI NOTES.

But one thing is needful. Luc. 10: 42.

It seems the Lord is underrating, undervaluing the things and values and tasks of this life. He gives to high-strung idealism, to Oriental overstraining of a point? Undoubtedly the multitude side with Martha, who was "careful and troubled about many things". A restless over-activity in home duties, a nervous bustling and hustling in the professional routine, even in church work, coupled with the untiring ambition to excel in a half dozen sundry side lines, plays havoc with many a nervous system and keeps our ever increasing number of nerve-specialists exceedingly busy. Cal home? Who profits by it? Mary, who takes time out to listen, to meditate, to get her soul into proper alignment with her Maker and Saviour, to contemplate the wonderful guidance and blessings in her life and to entrust her lot into the faithful hands of her God, Mary who, in brief, often rests from arduous labor in the saving grace and peace of her Lord, "has chosen the good part", that one thing needful for keeping fit and for true happiness.

Despite the inclement weather, a fair-sized audience took in the various numbers of the Luther League program. Some rare gems were offered, and appreciated, both in the crazy and musical lines. It's a pleasure to watch the various talents and the healthy ambition to make good, in the various participants in ever varying presentations. May it all redound to the glory of Him who has given these singular gifts. Among several voluntary numbers the courageous little duet of Nora and Annie Brucks brought much enjoyment.

The business session of the League took care of many items. A number of friends braved it out—outside in the cold, waiting for their chauffeurs. Why thus? These are not closed meetings. Why shiver in the cold? Stay inside, friends, you're perfectly welcome at all times. The election was a re-election of the former officers, to-wit: Vice-President, Mr. Otto Lindeburg; secretary, Miss Eileen Hartmann; treasurer, Miss Hulda Oefinger. The following committees were appointed: Auditing committee: Mrs. Walter Grell and Mr. Arnold Lindeburg; committee for the visitation of sick members: Miss Alma Grell and Miss Eileen Hartmann; committee for the social of the church choir and their friends, on Jan. 7th, at 7 P. M.: Mrs. Andrew Schweers, Miss Eileen Sathoff and Messrs. Walter Grell and Elmer Josephberg. Among other provisions, the purchase of an oil-heater for the church was arranged.

Announcements for Sunday, December 18th:
German services at Quihi at 10 A. M., English service also at Quihi at 7:15 P. M.; Sunday School and Bible Class at 9 A. M. Mark the change. Let every child be present for its own benefit. The Christmas celebration for Sunday School and Bible Class will be on December 24th at 7 P. M. A variety of festive numbers has been prepared for this evening. You are cordially invited for all these services.

The Pastor.

TALLULAH DESERT STARS IN EXCITING DESERT MELO-DRAMA.

Against the romantic background of a seaport on the north African coast and the neighboring Sahara, Tallulah Bankhead, Gary Cooper, and Charles Laughton enact a dramatic story of love and jealousy in "Devil and the Deep", the new film which opens tonight at the Colonial Theatre.

Miss Bankhead is seen in her latest film as Pauline Storm, beautiful wife of the commander of a British submarine stationed on the Mediterranean. This man, genial and likeable to his friends, is really obsessed to the point of insanity with a conviction that his wife is unfaithful to him. His suspicions finally drive her into a love affair with a young lieutenant in her husband's command, and, faced with the proof of his suspicions, Storm goes entirely insane. The method of his revenge carries the film into a melodramatic climax aboard a sinking submarine.

Gary Cooper gives an excellent performance in the role of Lieutenant Tausig, and the supporting cast is more than adequate.

Next week—George Raft, Constance Cummings, Wynne Gibson, Mae West and Allison Skipworth in "Night After Night".

YANCEY SCHOOL NOTES.

The Yancey High Tigers won the triangular basketball tournament from Moore and Leakey High Schools by defeating the first 48 to 24, and the latter, 53 to 35. The fast passing attack of the Tigers was too much for either team to solve.

In the consolation game, Moore defeated Leakey 23 to 18, in a closely played game.

Moore High girls' volley ball team won over the Yancey girls' 15 to 5 and 15 to 7.

We are happy to report that Miss Dunham, our history-civics teacher, who has been confined to the Medina Hospital at Hondo, is showing signs of rapid recovery.

On December 5th Mr. O. K. Barrett of Sabinal underwent a minor operation at the Medina Hospital. Mr. Barrett is recovering rapidly and will be able to return to his home in a few days.

An epidemic of colds and flu, so far of a more or less mild nature, is afflicting the community, and too much care in avoiding unnecessary exposure of every kind and in maintaining healthful conditions generally cannot be exercised.

Diet Didn't Do This!

HAPPY little girl, just bursting with pep, and she has never tasted a "tonic!"

Every child's stomach, liver, and bowels need stimulating at times, but give children something you know all about.

Follow the advice of that famous family physician who gave the world Syrup Pepsin. Stimulate the body's vital organs. Dr. Caldwell's prescription of pure pepsin, active senna, and fresh herbs is a mild stimulant that keeps the system from getting sluggish.

If your youngsters don't do well at school, don't play as hard or eat as well as other children do, begin this evening with Dr. Caldwell's

Syrup Pepsin. This gentle stimulant will soon right things! The bowels will move with better regularity and thoroughness. There won't be so many sick spells or colds. You'll find it just as wonderful for adults, too, in larger spoonfuls!

Get some Syrup Pepsin; protect your household from those bilious days, frequent headaches, and that sluggish state of half-health that means the bowels need stimulating. Keep this preparation in the home to use instead of harsh cathartics that cause chronic constipation if taken too often. You can always get Dr. Caldwell's Syrup Pepsin at any drug store; they have it all ready in big bottles.

OLD SEA CAPTAIN TELLS OF HIS EXPERIENCES CAPTURING WHALES.

Thrilling experiences gripped through more than fifty-five years at sea, were told by Captain David Jonathan Barnett, 69 year old mariner of the ship that captured the huge whale "Colossus" and other large whales, in an interview given the Anvil Herald Wednesday. Capt. Barnett was in the city giving lectures at the various schools in the county in regard to whales to create interest in the huge whale which will be on exhibit today at the Southern Pacific depot.

Captain Barnett's home is in Long Beach, California, and he stated that he first went to sea at the age of fourteen years. He stated that whaling used to be a dangerous sport and that many people got hurt and he at one time sustained a fractured collar bone in trying to capture a whale.

In these days, however, with the modern killer ships that are available together with the big guns which are used to kill whales, whaling isn't as dangerous as it used to be. Most of the whales are captured about 75 miles southeast of Catalina Islands in California. The biggest whale that has ever been caught was 115 feet long. The biggest whale that he captured, the Captain declared was 101 feet long and weighed 125 tons.

The Captain told of some of his experiences in whaling and also told some of the features which are generally unknown about whales.

"Whales," he said, "have an unusual good sense of hearing and can hear the human voice for a long distance. That is the reason why we don't ever take women along on such expeditions because we have to have perfect silence on such trips," he stated.

Whales are warm blooded animals, he stated. This whale which is on exhibition in Hondo today was captured a year ago. It weighs 68 tons and is 55 feet long. A new method of embalming which is now used keeps the whale in good condition and keeps away any offensive odor.

The whale is out on a transcontinental educational tour and is sent out by the Pacific Whaling Company of Long Beach, California, with which company Captain Barnett is connected.

"The purpose of this tour," stated Captain Barnett, "is to educate the public and particularly the children about whales and to tell them some facts about this monster of the deep."

Baby whales usually weigh from one to three tons at birth, he stated, and in speaking about the embalming feature of the whale which will be in Hondo, he said that it certainly was a big undertaking, and a task that took several days to complete.

Unless some steps are taken to limit the number of whales that can be killed at one time, the Captain said that there will soon be a shortage of whales. As an example, he stated, that during the year 1929, his company killed 1,121 whales. In 1930, only 850 whales were captured and last year a total of 750 whales were killed.

The exhibition of the whale will be open from 11 A. M. to 10 P. M. today on a sidetrack at the Southern Pacific depot.

OBITUARY.

MRS. EMIL F. BIPPERT.

Mrs. Emil Bippert nee Martha Gueldeuer was born Jan. 12, 1853, in Greifswald, Germany. As a girl of 13 years of age she came with her parents, Mr. and Mrs. Johann J. Gueldeuer and two brothers to Texas and made New Braunfels their home.

As a young woman she entered into the holy estate of marriage, May 29, 1875, with the late Emil Bippert with whom she faithfully shared for 53 years the weal and woe of marriage life.

The sauz community became her future home and her field of endeavor. The offspring of this happy and prosperous union were 11 children, 5 sons: Alfred, Herman, Otto, Max and Emil, and 6 daughters: Hilda, Elsie, Hedwig, Martha, Meta and Alma. Her son Otto preceded her in death April 29 this year.

The beloved mother took sick last Friday night. It pleased God in His wise Providence to call her Tuesday, Dec. 5th, at 3 o'clock P. M. to her eternal reward. She attained the age of 79 years, 10 months and 24 days.

Besides the above mentioned children she is survived by 32 grandchildren, 3 great grandchildren, 1 sister, Mrs. Bertha Bippert, in Natalia, 4 sons-in-law, namely: Willie Tschirhart, Frank Biry, Harry Andersen in California and George Etter. One son-in-law, Mr. Joseph Franger, preceded her in death April 29, 1917; furthermore 5 daughters-in-law, namely the Mesdames Alfred Bippert, Herman Bippert, Otto Bippert, Max Bippert and Emil Bippert.

As a wife and mother, she was a most devoted and affectionate woman, and as a friend faithful unto her end. During her long life she at all times enjoyed the love and esteem of all who knew her in highest degree. Her home was the place where all the children at all times

found the heartiest welcome where she was the center of all love and affection. At all times and under all conditions she was an inspiration for good to the members of her own household as well as to her friends and neighbors.

May she rest in peace and forever enjoy that blessed peace and rest which our merciful God promised all who are loyal and faithful unto the end.

Gas Bloating

Does eating even the simplest food make your stomach and bowels fill up with gas until you think you're going to suffocate?

Then just try this before you eat. Take a tablespoonful of artificial digestive juice such as you are supposed to have in your stomach naturally (druggists call it "mentha pepsin") and you'll have no trouble. No gas. No pain. No bloating. No distress of any kind.

Money back, says W. H. WINDROW, any time that mentha pepsin fails to give relief.

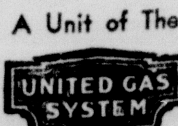

Have these things happened in your home recently...?

THERE has been an epidemic of sickness this fall—perhaps some members of your family have been attacked by the "flu" or other illness. Have you had company in your home for any length of time? Have you gone away from home for the evening, and left the heaters going? How often have you lighted the range oven to furnish auxiliary heat in the kitchen? All of these things cause extra use of gas, and make gas bills for heating higher.

It is frequently difficult to remember all these things when you come in to pay your gas bill. But if you will consult the weather records for the period covered by your bill, you will find there is a direct relation between weather and the amount of your gas bill. Remember, that when the thermometer drops below 65 degrees, people generally begin to use heat in their homes. Therefore, the days when mean temperatures drop below 65 degrees can be counted as days when gas was used as a heating fuel.

If you are not getting efficient service from your gas heating equipment, consult your gas company. Perhaps it needs adjustment. Maybe you can save money by replacing it with new heating appliances. Modern, approved Gas Heaters are selling lower than ever before, see them at your appliance dealers, or at the gas company office.

While monsters spawned their young in PENNSYLVANIA

SINCLAIR Pennsylvania Motor Oil is refined 100% from Bradford-Allegheny crude oil of the Pennsylvania field—Pennsylvania's costliest crude. This remarkable crude owes much of its superior lubricating quality to the fact that it was formed in the Devonian Age—that wonderful age in the earth's history when conditions were nearest perfect for the forming of crude oil. Much of its quality, too, is due to this hundred million years of filtering and mellowing—years which ran their course while monster dinosaurs lumbered over the earth. In process of refining, Sinclair Pennsylvania is de-waxed and freed from non-lubricating petroleum jelly at as low as 60° F. below zero. Ask for Sinclair Pennsylvania.
